

HELLENIC REPUBLIC

**HELLENIC STATISTICAL
AUTHORITY**

Piraeus, 12/4/2016

ANNOUNCEMENT

The Hellenic Statistical Authority (ELSTAT) announces that it has revised the data of the 2013 Time Use Survey, as a result of recalculating the weighting factors in order to take into consideration the daily and monthly distribution of the completed diaries during the reference period.

In this context, ELSTAT is going to announce the revised data in new Press Releases on 13 April 2016 and update the relevant tables, posted on its website, with the revised results.
