The public finance statistics of Greece were published without reservations from Eurostat for the 26th consecutive time since November 2010. This fact demonstrates the consistent and well-established acceptance of the public finance statistics compiled by ELSTAT as statistics that fully meet the rules and requirements of European Law and international statistical standards more broadly, and confirms the systematic efforts that have been carried out by ELSTAT for the production of consistently reliable statistics.

For more detailed information on the public finance statistics of Greece for 2022 and for 2019-2021 please see ELSTAT's relevant announcement:
