IMPLEMENTATION REPORT

# SYSTEM OF NATIONAL STATISTICS

National statistics is a „**professionally independent activity of implementing programmes of statistical surveys.**“

Institutions in the system of national statistics are:

- Statistical Office of the Republic of Slovenia and authorized producers of national statistics,\*
- Statistical Council of the Republic of Slovenia,
- Statistical Advisory Committees,
- other professional and methodological advisory bodies.

\* In the period 2023–2027:

- Bank of Slovenia
- National Institute of Public Health

# STATISTICAL COUNCIL

---

Professional **advisory body** for **strategic, development and methodological issues** of national statistics and **the highest representative of users and professional public.**

Main tasks:

to discuss the **starting points** and **guidelines of the programme** of statistical surveys and to discuss the report on the programme **implementation,**

to discuss the **content of the programme** of statistical surveys, providing **initiatives on amendments** to the programme,

to discuss the **methodological bases of statistical surveys** of national importance, **rationalisation** and **modernisation** of national statistics and

to provide initiatives and **proposals for international statistical co-operation.**

# STATISTICAL COUNCIL

---

14 members, **mandate 4 years**: National Assembly (3), National Council (1), Government (2), Bank of Slovenia (1), Associations of the Employers and of Employees (1+1), judicial branch of power (1), recognized experts of statistical profession (2) and Statistical Office of the Republic of Slovenia (2).

Rules of Procedure of the Statistical Council

The President of the Council and the Deputy President **are elected** by members.

Council meetings - several times a year; the material of the meetings is publicly available on the website of the Statistical Office.

The **Statistical Council** and the **Statistical Advisory Committees** inform each other, **coordinate** their tasks and report on any issues that might arise.

# STATISTICAL ADVISORY COMMITTEES

---

Established in 1980s (NSA, 1995)

**22** areas of statistics, **300 external members**, 100 internal members (respondents, users, academic community, methodologists and experts in individual fields of statistics)

Rules of Procedure of Statistical Advisory Committees

**important role in the formal co-operation** between SURS and users

**comprehensive source of information of users needs,**

opinions, proposals of published data,

**new data requirements,**

significant **impact on the development** of national statistics,

set higher priority data,

**coordinate the tasks with Statistical Council** and report on any issues that might arise

# OTHER CHANNELS TO MONITOR USERS NEEDS

---

satisfaction surveys, website analytics, data inquiries,

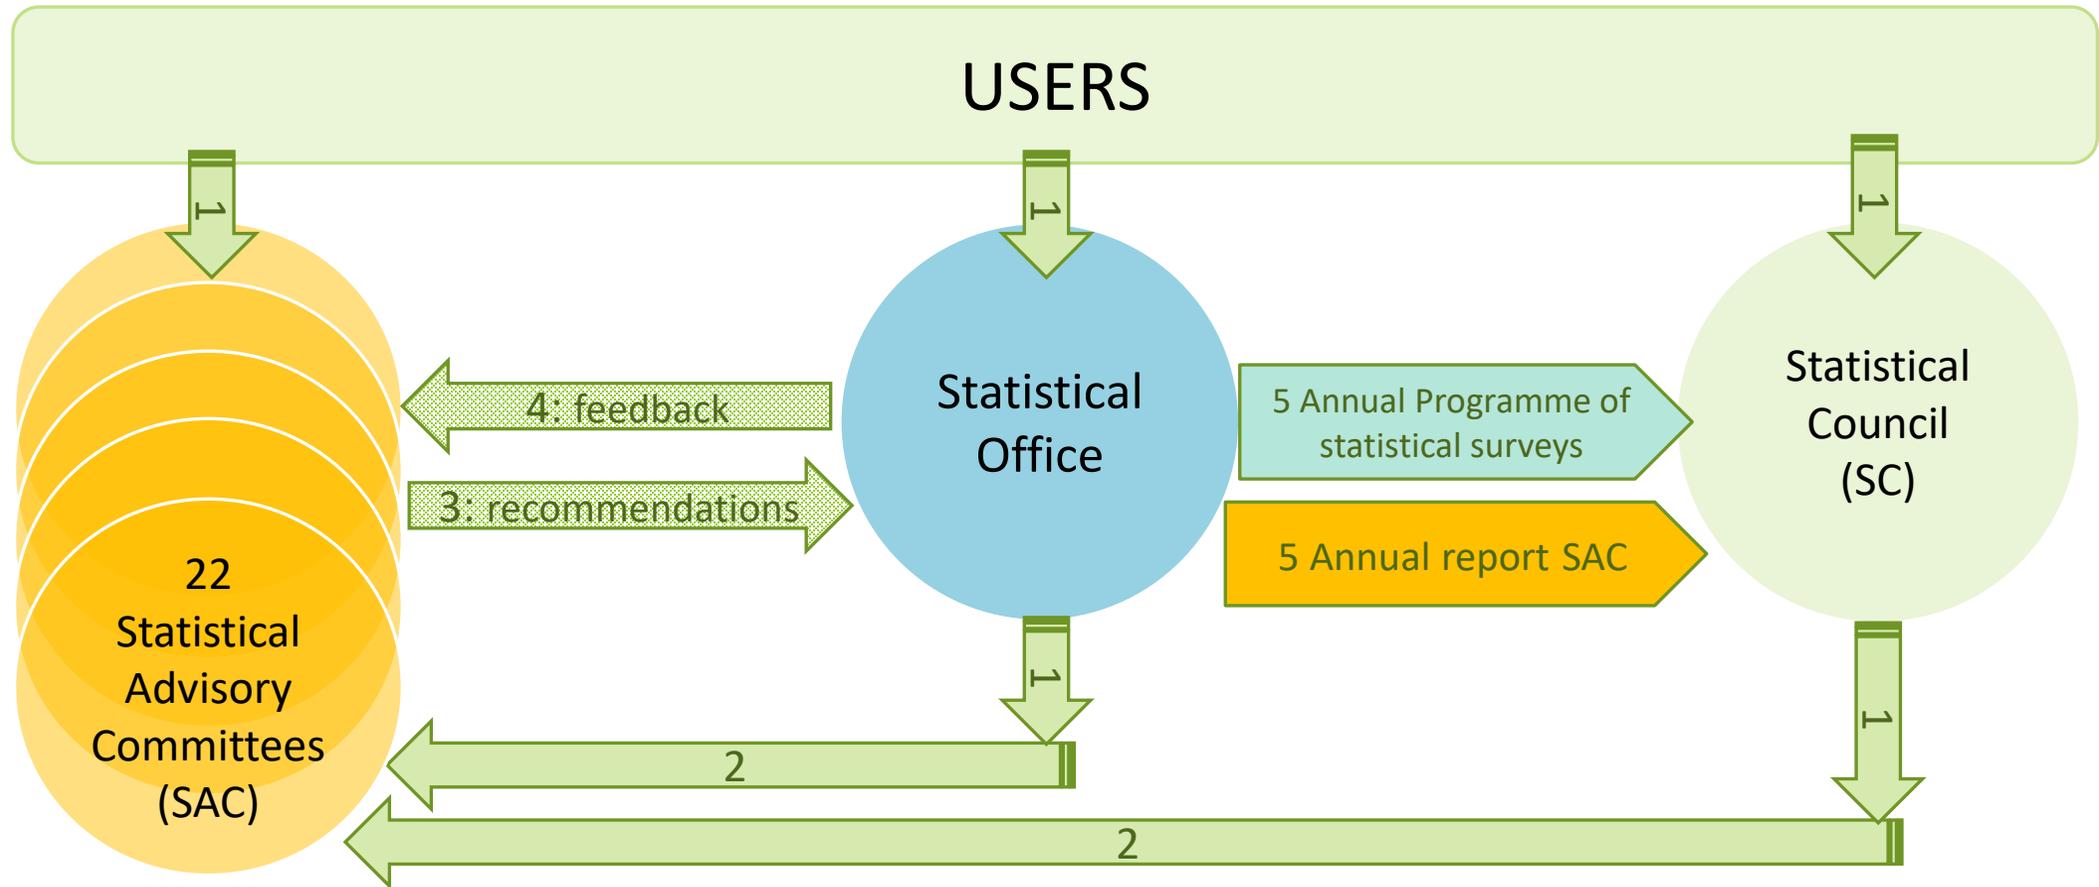

Statistical Day,

Statistical Day with Researchers,

conferences, events and meetings in Slovenia and abroad,

bilateral meetings at all levels (expert, management).

# FRAMEWORK

# ADOPTION of the PROGRAMME of STATISTICAL SURVEYS

---

Ministry of Finance,  
Ministry of Public  
Administration,  
Government Office for  
Legislation,  
Information Commissioner
