

EVOLUTION OF TURNOVER OF ENTERPRISES IN ACCOMMODATION AND FOOD SERVICE ACTIVITIES MARCH AND 1ST QUARTER 2023

The Hellenic Statistical Authority (ELSTAT) with this sectoral publication, presents the map with the evolution of the turnover of enterprises classified in the **Accommodation and Food and Beverage Service Activities** divisions. These economic activities have been over time in the focus of interest due to the significant weight they bear on the Greek economy as a whole, but also due to their extensive dispersion, with a significant presence in all regional units and a significant contribution to the respective local economies of Greece, often associated with the tourist product of the country.

The current publication is part of the announcements published by ELSTAT ([link](#)), since April 2020, incorporating the most recent data on turnover from Administrative Sources for **March and 1st quarter 2023**.

In particular, ELSTAT announces data on a monthly and quarterly basis and at the regional unit country-level of analysis, for the turnover of enterprises classified in the divisions Accommodation and Food and Beverage Service Activities (divisions 55 and 56 of the NACE Rev.2 classification) for the period 2019-2023.

The published data can highlight, at a detailed local level, the current evolution in the performance, in terms of turnover, of enterprises having activity in key classes of the tourism sector and thus provide quick and highly relevant information on the evolution of the tourist product of Greece.

Starting from the announcement published in March 2023 (reference month January 2023), an updated framework for the determination of enterprises is used, which occurs from the linking at micro-data level of administrative transactions files of the reference years 2019, 2020, 2021, 2022 and 2023, administrative registers of enterprises, of the reference years 2021 and 2022 and of the final Statistical Business Register, of the reference year 2020, that provides a standardized set of data, harmonized with European classifications.
