PRESS RELEASE
EVOLUTION OF TURNOVER OF ENTERPRISES IN
ACCOMMODATION AND FOOD SERVICE ACTIVITIES
MARCH AND 1st QUARTER 2022

The Hellenic Statistical Authority (ELSTAT) with this sectoral publication, presents the map with the evolution of the turnover of enterprises classified in the **Accommodation and Food and Beverage Service Activities** divisions. These economic activities have been over time in the focus of interest due to the significant weight they bear on the Greek economy as a whole, but also due to their extensive dispersion, with a significant presence in all regional units and a significant contribution to the respective local economies of Greece, often associated with the tourist product of the country. At the same time, under the recent circumstances, the monitoring and dedicated publication of the evolution of these economic activities has become imperative, given the direct and indirect adverse impact they have been subjected to, due to the pandemic of coronavirus disease 2019 (COVID-19).

The current publication is part of the Press Releases series published by ELSTAT ([PR link](#)), since April 2020, incorporating the most recent data on turnover from Administrative Sources for **March and 1st quarter 2022**.

Similar publications have been planned and are released on a monthly basis, throughout the whole period during which the regular monitoring of the evolution of the turnover of enterprises providing Accommodation and Food and Beverage Service Activities remains relevant and warranted.

In particular, the Hellenic Statistical Authority (ELSTAT) announces data on a monthly basis and at the regional unit country-level of analysis, for the turnover of enterprises classified in the divisions Accommodation and Food and Beverage Service Activities (divisions 55 and 56 of the NACE Rev.2 classification) for the period 2019-2022.

The published data can highlight, at a detailed local level, the current evolution in the performance, in terms of turnover, of enterprises having activity in key classes of the tourism sector and thus provide quick and highly relevant information on the evolution of the tourist product of Greece.

Starting from the press release published in April 2022 (reference period February 2022), an updated framework for the determination of enterprises classified in Accommodation and Food and Beverage Service Activities divisions is used, which occurs from the linking at micro-data level of administrative transactions files of the reference years 2019, 2020, 2021 and 2022 and of the final Statistical Business Register, of the reference year 2019, that provides a standardized set of data, harmonized with European classifications.
