¹ Section C "Manufacturing" and Total include revised data of division 19 "Manufacture of coke and refined petroleum products", as a result of the integration of data concerning the number of companies active in the division which will be recorded in the Statistical Business Register 2022. The relevant data are integrated earlier and additionally within the context of the data of the Statistical Business Register 2019, due to the weight they have on the results of the division.

Note:
Enterprises with single-entry accounting bookkeeping are obliged to submit data to tax authorities on a quarterly basis, while enterprises with double-entry accounting bookkeeping are obliged to submit data on a monthly basis. Therefore, for the total of enterprises, data are available only on a quarterly basis.
