ANNOUNCEMENT

The Hellenic Statistical Authority (ELSTAT), ensuring that users are provided with topical statistics through the series of experimental statistics that has developed and based on the importance over time of the retail trade, as main productive tertiary sector of the Greek economy with a significant contribution to the Gross Domestic Product, announces today **Monday 16 November** the new ad hoc sectoral publication “Evolution of Turnover of Enterprises in Retail Trade – August and 2nd quarter 2020”, in which the evolution of the sales/turnover of all classes of activity of the retail trade section is presented.

More specifically, this publication presents data for enterprises in the classes of the retail trade section, such as:

- (a) data on a quarterly basis on turnover for **all enterprises**,
- (b) data on a monthly basis, on turnover for **all enterprises obliged to double-entry accounting bookkeeping** and
- (c) monthly data of turnover for the **5 biggest enterprises** for each of the 10 largest classes of the retail trade.

The specific publication will be disseminated on a monthly basis at the following dates:
