

HELLENIC REPUBLIC

HELLENIC STATISTICAL AUTHORITY

Piraeus, 7/9/2018

PRESS RELEASE

The activities of the Hellenic Statistical Authority (ELSTAT) aimed at fostering Statistical Literacy will be at the heart of ELSTAT participation in the 83rd Thessaloniki International Fair (TIF).

More specifically, at its stand (No 15, stand 27), ELSTAT will showcase the actions that are implemented or under construction, per educational level, aiming at bringing pupils, students and teaching staff closer to the Statistical science and helping them understand how official statistics are developed, produced and disseminated. These actions include, among others, the educational visits on ELSTAT premises, the Statistics Competition, the statistics workbooks specially designed for pupils, etc.

During the 83rd TIF, ELSTAT will also organise a set of educational events on statistics, which will be attended by pupils coming from Secondary Education Schools of Thessaloniki.

At the stand of ELSTAT, visitors can find information material, infographics and ELSTAT publications, as well as the brand new "*Young People in Greece - 2018*" publication, which will be launched during the TIF. All the above material will be also available on the website of ELSTAT, at the following link: <http://www.statistics.gr/el/elstat-83-tif>

The opening ceremony of ELSTAT's stand will take place on Sunday, 9 September 2018, at 11:00 a.m., in the presence of the President of ELSTAT, Mr Athanasios Constantinos Thanopoulos.
