

## PRESS RELEASE

### SURVEY ON LIBRARIES OF GREECE, 2018

The Hellenic Statistical Authority (ELSTAT) announces the data of the Survey on Libraries of Greece conducted for the year 2018.

The Survey on Libraries of Greece (excluding school libraries) is a census survey conducted every two years and it records important information concerning libraries, such as: their legal status, the type of the library, the existence of branches and mobile units, collections of books, journals and manuscripts, data on library personnel, facilities and equipment, library traffic and services provided to readers, classification of library material, information on audiovisual material and on the access of the library to electronic documentation over the Internet.

This survey covers all libraries, excluding school libraries. In 2018, the total number of libraries amounted to 382, encompassing the National Library of Greece, 42 public libraries, 145 municipal libraries and 194 libraries of legal persons (under public and private law or of other legal form) (Graph 1). Out of the total number of libraries, 220 are general libraries and 162 are specialised libraries, the majority of them being university libraries. These libraries have 159 branches and 37 mobile units.

## EXPLANATORY NOTES

<b>Survey on libraries of Greece (excluding school libraries)</b>	The Survey on Libraries of Greece (excluding school libraries) is being conducted since 1970, every two years, collecting data from the National Library of Greece, university libraries, municipal libraries and libraries of other public and private bodies.
<b>Legal framework</b>	Law 3832/2010, as amended and in force.
<b>Reference period</b>	The year 2018.
<b>Methodology</b>	<p>It is a census survey.</p> <p>The term “title” refers to the name of a work (book, periodical, etc) which may consist of one or several volumes, e.g. an encyclopedia is a title that has many volumes.</p>
<b>Information about the survey</b>	<p>A “volume” means every bound physical book, many volumes comprising a monograph.</p> <p>For the reference year 2018 the number of libraries is decreased compared with the previous reference years mainly due to the merging of some university libraries.</p>
