<sup>1</sup>The Import Price Index (MPI) in Industry is a new price index released from October 2005, as first reference month, based in 2000=100,0. The MPI index is split up to partial indices of Eurozone and non-Eurozone, according to the country of consignment of the imported goods, forming two groups of Eurozone and non-Eurozone markets. The compilation and publication of the new index is based on the framework of requirements of the amendment Regulation (EC) No 1158/05 of the European Parliament and Council, amending Council Regulation (EC) No 1165/98 concerning short-term statistics.

The data series of the MPI starts from 1995, while the distinguished series of Eurozone and non-Eurozone, complying to the above Regulation, starts from January 2004 onwards.
