3.1 Data description	
<p>The survey on State and Municipal Theatres and Orchestras is an annual census survey collecting data from the State and Municipal Theatres and Orchestras, through a questionnaire. Data collected are distinguished to summer and winter season and refer to:</p> <ol style="list-style-type: none"> 1. Number of plays 2. Number of performances by kind of spectacle 3. Number of spectators at the level of the Country, broken down by Region of Attiki and rest of the country 4. Number of persons employed in State and Municipal Theatres and Orchestras, by specialty and gender, at the level of the Country 	
3.2 Classification system	
The data of the survey are classified at the levels of the Region of Attiki and Rest of Greece.	
3.3 Sector coverage	
-	
3.4 Statistical concepts and definitions	
The basic variables of the survey are:	
Variable	Definition
Play	Written work intended or adapted for theatrical performance.
Performance	Presentation of a play by a group of actors on a specific stage and at a specific time or a musical event. They are distinguished in various types of spectacle.
Spectator	Visitors to an art venue watching a performance.
Employee	Artists, administrative staff and workers in other specialties (ushers, workers, etc.) in state and municipal theaters and orchestras.
Capacity	The number of seats, the area of halls, scenes, foyers and dressing rooms in square meters.
State subsidies	Amount of funding in euros, paid by the State to theaters and orchestras.
3.5 Statistical unit	
The statistical unit is the State Theatre, the Municipal Theatre or the Orchestra.	
3.6 Statistical population	
The statistical population refers to all the State Theatres, the Municipal Theatres and the Orchestras.	
3.7 Reference area	
Greece, total.	
3.8 Time coverage	
The survey is conducted on a yearly basis since 1970. From 2000 onwards the survey results are disseminated on the website.	

3.9 Base period	
Not applicable.	
4. Unit of measure	Top
The variable “amount of subsidies” is measured in euro. All other variables are numbers.	
5. Reference period	Top
Year	
6. Institutional mandate	Top
6.1 Legal acts and other agreements	
<p>The legal framework concerning the organization and operation of ELSTAT is detailed in the following link: http://www.statistics.gr/en/legal-framework</p> <p>Moreover, the legal act governing the survey is the Joint Ministerial Decision 15189/ B379/73.</p> <p>EU legal basis: There is no relevant EU legislation.</p>	
6.2 Data sharing	
Not applicable.	
7. Confidentiality	Top
7.1 Confidentiality - policy	
<p>The issues concerning the observance of statistical confidentiality by the Hellenic Statistical Authority (ELSTAT) are arranged by articles 7, 8 and 9 of the Law 3832/2010 as in force, by Articles 8, 10 and 11(2) of the Regulation on Statistical Obligations of the agencies of the Hellenic Statistical System and by Articles 10 and 15 of the Regulation on the Operation and Administration of ELSTAT.</p> <p>More precisely:</p> <p>ELSTAT disseminates the statistics in compliance with the statistical principles of the European Statistics Code of Practice and in particular with the principle of statistical confidentiality.</p> <p>http://www.statistics.gr/en/statistical-confidentiality?inheritRedirect=true</p> <p><u>Protection of personal data</u></p> <p>ELSTAT abides by the commitments and obligations arising from the applicable EU and national legislation on the protection of the individual from the processing of personal data and the relevant decisions, guidelines and regulatory acts of the Hellenic Data Protection Authority.</p> <p>Pursuant to the Regulation on the protection of natural persons with regard to the processing of personal data [Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 (General Data Protection Regulation - GDPR)], ELSTAT implements the appropriate technical and organisational measures for ensuring adequate level of security against risks for the personal data it collects and has access to, in the context of carrying out its tasks, in order to meet the requirements of this Regulation and to protect these personal data from any unauthorised access or illegal processing.</p> <p>The personal data collected by ELSTAT are used exclusively for purposes related to the conduct of surveys and the production of relevant statistics. Only ELSTAT has access to the data. The controller is the person appointed by law pursuant to the relevant provisions concerning the Legal Entities of Public Law and the Independent Authorities. The data are stored in the databases of ELSTAT for as long as required by the relevant legislation.</p> <p>Legal basis of the processing: Article 6, para 1(c) and 1(d) of the General Data Protection Regulation (GDPR)</p> <p>https://www.statistics.gr/el/privacy-info</p>	

7.2 Confidentiality - data treatment

- ELSTAT protects and does not disseminate data it has obtained or it has access to, which enable the direct or indirect identification of the statistical units that have provided them by the disclosure of individual information directly received for statistical purposes or indirectly supplied from administrative or other sources. ELSTAT takes all appropriate preventive measures so as to render impossible the identification of individual statistical units by technical or other means that might reasonably be used by a third party. Statistical data that could potentially enable the identification of the statistical unit are disseminated by ELSTAT if and only if:
 - a) these data have been treated, as it is specifically set out in the Regulation on Statistical Obligations of the agencies of the Hellenic Statistical System (ELSS), in such a way that their dissemination does not prejudice statistical confidentiality or
 - b) the statistical unit has given its consent, without any reservations, for the disclosure of data.
- The confidential data that are transmitted by ELSS agencies to ELSTAT are used exclusively for statistical purposes and the only persons who have the right to have access to these data are the personnel engaged in this task and appointed by an act of the President of ELSTAT.
- ELSTAT may grant researchers conducting statistical analyses for scientific purposes access to data that enable the indirect identification of the statistical units concerned. The access is granted provided the following conditions are satisfied:
 - a) an appropriate request together with a detailed research proposal in conformity with current scientific standards have been submitted;
 - b) the research proposal indicates in sufficient detail the set of data to be accessed, the methods of analyzing them, and the time needed for the research;
 - c) a contract specifying the conditions for access, the obligations of the researchers, the measures for respecting the confidentiality of statistical data and the sanctions in case of breach of these obligations has been signed by the individual researcher, by his/her institution, or by the organization commissioning the research, as the case may be, and by ELSTAT.
- Issues referring to the observance of statistical confidentiality are examined by the Statistical Confidentiality Committee (SCC) operating in ELSTAT. The responsibilities of this Committee are to make recommendations to the President of ELSTAT on:
 - the level of detail at which statistical data can be disseminated, so as the identification, either directly or indirectly, of the surveyed statistical unit is not possible;
 - the anonymization criteria for the microdata provided to users;
 - the granting to researchers access to confidential data for scientific purposes.
- The staff of ELSTAT, under any employment status, as well as the temporary survey workers who are employed for the collection of statistical data in statistical surveys conducted by ELSTAT, who acquire access by any means to confidential data, are bound by the principle of confidentiality and must use these data exclusively for the statistical purposes of ELSTAT. After the termination of their term of office, they are not allowed to use these data for any purpose.
- Violation of data confidentiality and/or statistical confidentiality by any civil servant or employee of ELSTAT constitutes the disciplinary offence of violation of duty and may be punished with the penalty of final dismissal.
- ELSTAT, by its decision, may impose a penalty amounting from ten thousand (10,000) up to two hundred thousand (200,000) euros to anyone who violates the confidentiality of data and/or statistical confidentiality. The penalty is always imposed after the hearing of the defense of the person liable for the breach, depending on the gravity and the repercussions of the violation. Any relapse constitutes an aggravating

<p>factor for the assessment of the administrative sanction.</p> <p>➤ Pursuant to the Regulation on the protection of natural persons with regard to the processing of personal data [Regulation (EU) 2016/679 of the European Parliament and of the Council, of 27 April 2016 (General Data Protection Regulation - GDPR)], ELSTAT implements the appropriate technical and organisational measures for ensuring adequate level of security against risks for the personal data it collects and has access to, in the context of carrying out its tasks, in order to meet the requirements of this Regulation and to protect these personal data from any unauthorised access or illegal processing.</p>	
8. Release policy	Top
8.1 Release calendar	
ELSTAT publishes, on a yearly basis, a Press Releases Calendar including the precise dates for the announcement of the Press Releases of all of its surveys for the next year.	
8.2 Release calendar access	
Users can have access to the Press Releases Calendar at the following link: https://www.statistics.gr/en/calendar	
8.3 User access	
<p>The information is available concomitantly to all interested parties, with tables posted on the website of ELSTAT (www.statistics.gr) and at the link "Statistics > Population and Social Conditions> Survey on State and Municipal Theatres and Orchestras, https://www.statistics.gr/en/statistics/-/publication/SCI15/-</p> <p>Equal access of users to data is governed by EU statistics legislation and the European Statistics Code of Practice, fully respecting professional independence, in an objective, professional and transparent manner in which all users are treated equally.</p>	
9. Frequency of dissemination	Top
The survey results are published one (1) year after the year of the reference year of the survey.	
10. Accessibility and clarity	Top
10.1 News release	
A monthly Press Release is published and posted on the website of ELSTAT	
10.2 Publications	
<p>General Publications ("Statistical Yearbooks of Greece") and Special Publications containing data on the survey, are available at ELSTAT's Digital Library.</p> <p>Additional data are published through the publications "Living Conditions in Greece" and "Greece in figures".</p>	
10.3 On-line database	
No available online database to which users can have access.	
10.3.1 Data tables - consultations	
Total access to the website as regards the above survey for the year 2020 amounts to 1,340 hits.	
10.4 Micro-data access	
<p>For confidentiality reasons survey micro data are made available only in accordance with ELSTAT's procedure ensuring data confidentiality, and after a relevant request submitted to the Division of Statistical Information and Publications/Data Dissemination Section and after the approval of the Statistical Confidentiality Committee of ELSTAT.</p> <p>https://www.statistics.gr/en/provision-of-statistical-data</p>	
10.5 Other	

Past years data are available at ELSTAT's [Digital Library](#).

More detailed data can be made available upon request by the Dissemination Section of ELSTAT and according to ELSTAT'S [policy](#).

Data requests should be addressed to:

Division of Statistical Information and Publications,
46, Peiraos and Eponiton Str.,
18510 Piraeus
Tel: +30 213 135 2022
e-mail: data.dissem@statistics.gr

10.5.1 Metadata – consultations

See paragraph 10.3.1

10.6 Documentation on methodology

Not compiled.

10.6.1 Metadata completeness – rate

Metadata are complete

10.7 Quality documentation

Quality is assured by ELSTAT, by means of logical checks (e.g. comparison with data of the previous years, etc.) and by the competent authorities that collect the primary data.

11. Quality management

[Top](#)

11.1 Quality assurance

Quality is assured by means of logical checks in terms of the correctness and completeness of the data. Moreover comparisons are made with the previous years, as well as quality controls on the tabulated results of the survey. Finally, data quality is assured by the [Quality Policy](#) of ELSTAT.

11.2 Quality assessment

The quality of the data obtained is considered high, taking into account the quality control checks, carried out at each stage.

12. Relevance

[Top](#)

12.1 User needs

The main users of the survey data are:

- International and European bodies
- The Ministry of Culture
- Universities and researchers
- Media
- Local Governemnt

12.2 User satisfaction

The Statistical Data Dissemination Section conducts a survey on users' satisfaction.

The results are available at the following link:

<http://www.statistics.gr/en/user-satisfaction-survey>

12.3 Data completeness

The completeness of the breakdown of data is considered satisfactory.	
13. Accuracy and reliability	Top
13.1 Overall accuracy	
The survey results are characterised by high overall accuracy, since it is a census survey and any errors are detected by analytical checks and are dully corrected.	
13.2 Sampling error	
No sampling error. The survey is a census survey.	
13.3 Non-sampling error	
<p>There are no non-samling errors</p> <ul style="list-style-type: none"> <ul style="list-style-type: none"> <u>a. Unit non response:</u> <ul style="list-style-type: none"> • Not applicable. <u>b. Item non-response:</u> <ul style="list-style-type: none"> • Not applicable. • • <u>13.3.1 Coverage error</u> • Not applicable <ul style="list-style-type: none"> • <u>13.3.1.1 Over-coverage – rate</u> • Not applicable. • <u>13.3.1.2 Common units – proportion</u> • Not applicable. • • <u>13.3.2 Measurement error</u> <p>No measurement errors are observed.</p> <p><u>13.3.3 Processing error</u></p> <p>No processing errors are observed.</p> <p><u>13.3.4 Model assumption error</u></p> <p>Not applicable.</p>	
14. Timeliness and punctuality	Top
14.1 Timeliness	
The final results of the survey are released one year after the end of the survey reference year.	
14.2 Punctuality	
All publications, press releases and tabulated data are disseminated according to the scheduled publication dates.	
15. Coherence and comparability	Top
15.1 Comparability - geographical	
<p>The data are produced at the level of NUTS 0 Greece total and, therefore, there is no issue of geographical comparability</p> <p><u>15.1.1 Asymmetry for mirror flows statistics – coefficient</u></p> <p>Not applicable.</p>	
15.2 Comparability over time	
<p>The survey is conducted since 1970 using the same definitions and therefore comparability is ensured.</p> <p>Since 1999, the survey questionnaire was enriched with the following variables: persons employed, capacity of the theatre, and state subsidies.</p>	
15.3 Coherence cross-domain	

There are no relevant data on this survey from other sources or ELSS agencies.	
<u>15.3.1 Coherence – sub annual and annual statistics</u>	
Not applicable, the survey is a monthly survey.	
<u>15.3.2 Coherence – National Accounts</u>	
Not applicable.	
15.4 Coherence - internal	
Data are internally coherent, since there are no relevant data coming from other surveys.	
16. Cost and burden	Top
Not estimated.	
17. Data revision	Top
17.1 Revision policy	
Any revisions, if necessary, are in accordance with the revision policy of ELSTAT.	
17.2 Revision practice	
No revisions have been made to the survey data	
18. Statistical processing	Top
18.1 Source data	
The primary data derive from the survey conducted on State and Municipal Theatres and Orchestras and refer to the number of plays by kind of spectacle, number of performances, number of spectators, employees in state and municipal theatres and orchestras.	
18.2 Frequency of data collection	
Data are collected annually.	
18.3 Data collection	
The data are collected by means of statistical questionnaires that are transmitted to all the State and Municipal Theatres and Orchestras. Once collected, the questionnaires are checked and the data are tabulated by the competent section.	
18.4 Data validation	
Validation of data is carried out by means of the necessary controls (logical checks, comparison with the relevant data of previous years, etc.)	
18.5 Data compilation	
Once validated, the data are tabulated in the monthly tables of the survey time series and in the concise tables of the monthly Press Release.	
No imputation, weighting or adjustment for non-response are applied.	
<u>18.5.1 Imputation – rate</u>	
Not applicable	
18.6 Adjustment	
Not applicable.	
<u>18.6.1 Seasonal adjustment</u>	
Not applicable.	
19. Comment	Top
