

## ROAD TRAFFIC ACCIDENTS: September 2023

The Hellenic Statistical Authority (ELSTAT) announces provisional<sup>1</sup> data from the survey on “Road Traffic Accidents” for September 2023. In particular, the road traffic accidents which occurred in Greece, resulting in death or injury, decreased by 10.6% in comparison with the corresponding month of 2022 (886 road accidents in September 2023, against 991 road accidents in September 2022).

The casualties of the injury-causing accidents that occurred in September 2023 were as follows: 54 deaths, 74 serious injuries and 1,038 slight injuries. In contrast, in September 2022 the corresponding figures were: 63 deaths, 54 serious injuries and 1,125 slight injuries. Therefore, road traffic accident casualties in September 2023 decreased by 14.3% for deaths and by 7.7% for slight injuries and increased by 37.0% for serious injuries.

<sup>[1]</sup> Data for the reference year is provisional until the finalization of the annual data, which takes place 12 months after the end of the reference year and is published in the corresponding announcement of the following year. During these 12 months the provisional data is updated on the basis of the data of the Road Accident Forms of that year which is transmitted to ELSTAT by Police Authorities (see explanatory notes).

## EXPLANATORY NOTES

**Survey on Road Traffic Accidents** The Survey on Road Traffic Accidents is conducted on a monthly basis and it records, for each region (see map) and department of Greece and for each month separately, the number of accidents resulting in death or injury, as well as the number of persons injured by categories (drivers, passengers, pedestrians).

On a yearly basis, road traffic accidents are further analyzed. The competent agencies for filling in/collecting the forms on road accidents are the local Police Authorities and the local Port Authorities of Greece.

The lower level of analysis for the place where an injury road accident occurred is the settlement. Data are collected on a monthly basis. The main variables are the following: place of accident, kind of road, casualties, conditions of road surface and type of road.

**Legal basis** The Survey on Road Traffic Accidents is governed by Council Decision 93/704 of the European Community.

**Reference period** Monthly.

**Availability of data** Provisional data are available 2 months after the reference month. Final data are available 12 months after the reference year.

**Definitions** **Road accident** (injury accident): Any accident involving at least one road motor vehicle in motion on a public road or square to which the public has access (excluding yards, industrial sites or vehicle depot of public transport enterprises), resulting in at least one injured or killed person. Accidents with only material damages are not included.

**Fatality (Death):** Any person killed immediately or dying within 30 days as a result of an injury accident (This national definition applies since 01.01.1996)

**Person injured:** Any person who sustained an injury as result of an injury accident, and who normally needs medical treatment.

**Serious injury:** Any person who sustained an injury as result of an injury accident, such as brain damages, mutilation, multiple injuries, which may result in lack of awareness or which are life-threatening.

**Slight injury:** Any person injured who sustained minor and not life-threatening injuries.

**Vehicle:** Include motor vehicles, trolleybuses, motorcycles, bicycles, motorbikes, agricultural and road making machines, animal and hand-drawn vehicles. Railway vehicles are excluded, unless the road accident involves at least one of the aforementioned types of vehicles and therefore, railway vehicles are considered vehicles.

**Methodology** The forms of the survey are filled in by the local Police Authorities and the local Port Authorities as well.

**References** More information about Road Traffic Accidents is available on ELSTAT's website and more specifically at the link: <https://www.statistics.gr/en/statistics/-/publication/SDT03/>.
